

EUROPEAN COMMISSION  
DIRECTORATE-GENERAL  
ENVIRONMENT

The Director General

15 FEB. 2008

Brussels,  
ENV/G4/PW/tb D(2008) 1997-1

**Subject: The organisation of awareness events and information exchange concerning Directive 1999/31/EC on the landfill of waste**

Sir,

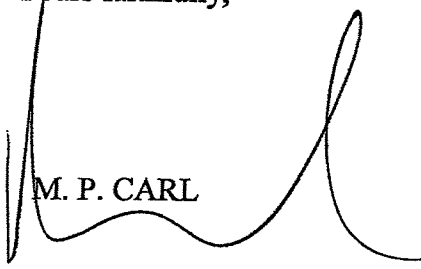

In order to improve the implementation of key EU waste legislation, a number of awareness events will be organized in the Member States by the Commission.

The implementation and application 'on the ground' of the EU landfill directive (1999/31/EC) are among the main priorities of EU environmental policy. BiPRO GmbH (Beratungsgesellschaft für integrierte Problemlösungen) has been commissioned to organise an event together with key officials from your relevant authorities. The aim is to raise awareness of this directive's requirements and objectives and enable an exchange of information on how to best improve the state of implementation. We are currently in the process of planning this event which is envisaged to take place in June 2008.

I would be most grateful if you could assist BiPRO GmbH in this task and encourage as wide participation at the events as possible by officials from your authorities.

Thank you very much for your cooperation.

Yours faithfully,

M. P. CARL
